- Smart Interviews(On-Going)
with global rank 5523

Projects

- An efficient mechanism to
secure keyword search and
data in a cloud computing

Career Objective

As I am graduating in Artificial intelligence and machine learning, I am eager to kick-start my career in the dynamic world of technology. My educational background has equipped me with a strong foundation in programming languages. I am seeking an entry level position where I can apply my technical knowledge learn from experienced professionals, and contribute to innovative projects.
